

**REQUEST FOR EXPRESSIONS OF INTEREST (REOI)
(CONSULTING SERVICES – FIRM SELECTION)
RECRUITMENT OF A CONSULTANCY FIRM
FOR THE RECRUITMENT OF A FIRM
FOR
THE DEVELOPMENT OF MASTER PLAN FOR CONTROLLING PLASTIC POLLUTION
IN SELECTED RIVERS OF SRI LANKA**

Country: SRI LANKA

Project: PLASTIC FREE RIVERS AND SEAS FOR SOUTH ASIA (PLEASE) PROJECT.

Grant No: D648-8S

Assignment Title: FOR THE RECRUITMENT OF A FIRM FOR THE DEVELOPMENT OF MASTER PLAN FOR CONTROLLING PLASTIC POLLUTION IN SELECTED RIVERS OF SRI LANKA

ASSIGNMENT PERIOD: 12 MONTHS
CONSULTING FIRM RECRUITMENT WILL BE ON CONSULTANTS' QUALIFICATION SYSTEM (CQS) BASIS

The South Asia Cooperative Environment Program (SACEP) has received financing from the World Bank toward the cost of the Plastic Free Rivers and Seas for South Asia (PLEASE) project and intends to apply part of the proceeds for consulting services.

Candidates should be nationals of member states of the South Asia Co-operative Environment Programme (SACEP), which consists of Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan, and Sri Lanka. While the leadership of SACEP and the World Bank are committed to having a diversity of candidates, women are encouraged to apply.

The consulting services ("the Services") include preparing a comprehensive master plan and an implementation mechanism to guide and achieve plastic waste-free rivers through an integrated approach. The project will be implemented to cover 11 rivers in Sri Lanka which have a high number of river-related environmental issues and necessary canals and water bodies that may ultimately affect the marine water surrounding Sri Lanka.

This study is not focusing on deep sea plastic marine debris and maritime activities but focuses primarily on land-based and coastal zone plastic pollution. In addition, while acknowledging that microplastics are of high interest and concern, this study considers only the larger fraction of plastic (macro plastics) as starting point.

The List of key activities under the TOR are listed below:

- a) Collection of baseline data including types of plastics, sources of generation and their impacts on different ecosystems and sectors
- b) Preparation of an assessment report of existing baseline data, policies, legislation and gaps identified in the field in relation to the project (1st deliverable)
- c) Maintaining and updating the existing river pollution database with new data including types of plastics, sources of generation, their impacts on different ecosystems and sectors such as fisheries, tourism, irrigation etc.
- d) Preparation of a master plan after identifying the existing issues (3rd deliverable) (including detection of gaps in policy, rules, and regulations and provide insights that can direct strengthening existing policies and low enforcement, behavioral change, engagement of national authorities responsible for waste management, enhance financial commitments, monitoring, research and development)
- e) Plastic waste material flow assessment using data available and gathered, with modelling hydrological processes and variability, riverine transport and discharges using different models (i.e. WFLOW and DELWAQ models)
- f) Preparation of an implementation plan/project road maps and validation (4th deliverable)
- g) Present the findings and the roadmap to pertinent stakeholders and decision-makers.

The detailed Tasks are given in the TOR Attached..

Consultancy assignment shall be completed within 12-month period from the date of signing of the contract and the estimated budget is USD 290,000. The detailed Terms of Reference (TOR) for the assignment can be found at the following website: sacep.org/consultancy-opportunities.

The SACEP/PLEASE now invites eligible consulting firms to indicate their interest in providing the requested Services. Interested Consultants should provide the information that was requested in the proposal that demonstrates that they have the required qualifications and relevant experience and qualification to perform the Services as indicated below;
